

HI, MY NAME IS

MARJORIE PHILIPPE

Passionate about graphic design and aesthetics, I am a French student in my last year of **Master's degree** at the School of Design Nantes Atlantique, perfecting my technique and developing a creative mind. Having already obtained **a bachelor's degree in graphic design**, I chose to specialize my Master's degree in **Information Design and digital culture**.

I'm looking for an **internship from March** to finalize my master, and I'm always interested in **freelance**.
